### The Writings of John

The writings of John are some of the most foundational New Testament documents for today's Christians. Most evangelical teaching about the life of Jesus begins with the Gospel of John, and Christian teaching on the end times relies heavily on the book of Revelation. Students, pastors, and lay learners need solid, up-to-date resources like this book to responsibly study and understand John's writings. C. Marvin Pate addresses John's writings according to their logical divisions: the Gospel of John, the Johannine Epistles, and Revelation. Each section includes a thorough introduction to relevant interpretive issues, including historical background, cultural setting, and theological context. Pate presents a two-fold historical setting for John's gospel, encouraging readers to consider the text from the perspective of Jesus' day and from John's situation in Asia Minor sixty years later. He examines the Johannine epistles on issues like authorship, audience, and theological perspective. For the Apocalypse, Pate explores the challenges of John's first readers, the nature of apocalyptic literature, and the Roman imperial cult, including as well an explanation of how the church has interpreted Revelation over the years. With its thorough discussion, textbook design and four-color interior, The Writings of John sets the standard for introductory texts on biblical books or collections.

It's easy to see the Old Testament as confusing, out of date, or irrelevant. Using seven key sentences drawn straight from the Old Testament, Christopher J. H. Wright fits the pieces together, shows us the coherent whole, and points us toward Jesus. This short survey shows God's faithfulness and love for his people and illuminates how the Old Testament Scriptures prepared for the identity and mission of Jesus.
